OF ISSUE

ATD Sensor

ATD - ACOUSTIC THREAT DETECTION

WHEN A GUNSHOT IS HEARD, OUR CUTTING EDGE TECHNOLOGY IDENTIFIES THE LOCATION OF THE THREAT.

Cameras viewing an area.

Sensor identifies the location & moves accordingly.

Monitor activity and receive rapid alerts to real-time tracking information through your existing access control system. There are no limitations to the number of sensors you can install to ensure no threats go undetected. With a camera attached to every sensor, you'll never respond to a threatening situation blindly.

DETECT AND LOCATE THREATS IMMEDIATELY - SCAN TO WATCH DEMO
