ABOUT INVID TECH

Innovative Video Technology (InVid Tech) provides forward-thinking security solutions designed to deliver clarity, intelligence, and control. Our IP surveillance systems combine high-performance hardware with AI-powered analytics—such as human and vehicle classification, facial recognition, and license plate capture—to help users respond faster and smarter. InVid Tech also offers scalable solutions including cloud storage, access control integrations, solar-powered surveillance, lockers, and turnstiles. With a dedicated U.S.-based support team and a nationwide sales presence, we deliver hands-on expertise from deployment through long-term operation.
