SERIES

IP & HD Analog Security Surveillance
InVid Tech's Paramont Series offers a complete lineup of products that will secure any application.

NDAA Compliant Product Options
InVid Tech offers a wide range of NDAA Compliant cameras & recorders when you need to meet NDAA Compliance.

Illuminate Color at Night
Color at Night without White Lights or IRs. These cameras pick up all available light 27/7, including street lights, lights on a house, and even the moon! InVid Illuminate provides a full-color picture in the darkest scenarios.

Cloud Storage
We have options from 1-week all the way up to 3-years for video surveillance backup and redundancy.

True Ai Human & Vehicle Classification
Ai Technology offers Line Crossing & Intrusion Detection that triggers the camera to record. You set up lines and areas within a camera's view to trigger the camera to record when tripped. These lines are set in either a single direction or both. InVid Tech AI cameras go a step further. The cameras will only trip when it detects a human or vehicle.

True LPR Facial Recognition Alerts
Cameras that deliver License Plate Recognition and Facial Recognition to provide you with real-time alerts for instant notification.

Specialty Products
Cameras with Strobes, Sirens, 2-Way Microphones, Specialty Features & Designs.
