

INVID-AuraAirFilter

Consist of three parts:

- HEPA - 99.98% effective particle filter of 0.3 microns
- Carbon layer- absorbs VOC's and bad odors.
- Smart Copper Fabric - Our smart fabric is made from cotton impregnated with copper oxide. Copper is a powerful anti-bacterial agent that also has the ability to neutralize viruses, fungus, and mold.

This is a patented and EPA-approved technology.

Replacement:

- Every 6 months (on average). But don't worry - we will let you know when it's time to replace the filter.
